Letter Quote: "I sympathize and agree that we should not let the  
 postal diplomacy game become 'bastardized'."-Dave Lebling  
 Ed.- This is why Miller's "Spring Raid" games are not in ratings!

Press Release: Paris-The cessation of hostilities along the various  
 combat fronts did not result in the belligerents agreeing to meet to  
 negotiate an armistice at a pentagon shaped table with an ellipse cut  
 out of the center. Accordingly, the French government ordered the  
 General Staff to exert every effort towards achieving a total vict-  
 ory in the Italian War. France will go to War.  
 Ed.- Now about the shape of the chairs? Five or seven legs?
